

WORLD TOURISM EXHIBITION JATA 'TABIHAKU' in Tokyo - Japan on 12-15/9/2013

After the successful participation in the World Tourism EXPO in Beijing- China, the TPNM project partners will participate in the WORLD TOURISM EXHIBITION JATA 'TABIHAKU' in Tokyo - Japan on 12-15/9/2013 in order to promote as a common tourist product Epirus, Corfu & Vlora Albania.

We are available to indicate to us possible ways - ideas- suggestions-materials for the successful and integrated presentation of the regions involved. We kindly request from the tourism entrepreneurs of Corfu, Epirus and Vlora to send us, if they wish, offers for travel or vacation packages that will be included in the project platform (corale.eu & tpmn.eu.), and will be presented at the exhibition.

The main idea is: "TPNM project: Why visit, how to travel, about us and offers".
